Music, Movement & Magic: Annual Day 2022

From The Editor's Desk

There's an African proverb that says, 'If you want to go fast, go alone and if you want to go far, go together.' And we have certainly come a long way. The past month witnessed an enriching camaraderie among students and teachers alike!

Each initiative is rooted in our vision - to RAISE our future citizens to be resilient, agile, innovative, socially responsible and to have empathy. Our students experienced the joy of giving as a part of the Carnival and also exemplified resilience and agility in their efforts towards the Annual Day Celebrations. We are super proud of each and every one of you!
