Celebrating Our Foundation!

From The Editor's Desk

Learning is not the product of teaching. Learning is the product of the activity of learners. - John Holt

Our belief in holistic education was exemplified in the month of January - we kick-started with the Annual Sports Championship, recognised achievements in olympiads and tournaments, organised meaningful assemblies, curated career-centric sessions for the high school students, and concluded with our young entrepreneurs graduating!

We genuinely appreciate the momentum 2023 has started with and strive to keep it going as we pave our path to the next academic year that's just around the corner.

Sports have the unique power of bringing everyone together, no matter what team you are cheering for! It also fosters the spirit of collaboration and mutual respect, which is best learned at a young age. The League of the Lions was declared open in the Olympic fashion, with a torch relay, on 3rd January 2023, and we were joined by the Chief Guest, Mr. Chandrahas Reddy, a National Level Professional Basketball player and our founding members. The Premia Pride accompanied by their coaches, put up an awe-inspiring skill display, in Football, Volleyball, Basketball, Cricket and Martial Arts. It was followed by the final rounds of races and tug-of-war organised for both students and their parents.
