Three Cheers - We're Graduating!

From The Editor's Desk

We've entered the final leg of the Academic Year 2022-23!

Time has flown by and we've had the honour of watching our students evolve from strength to strength. We've boosted their growth mindsets, while they've fostered strong friendships. We together created an environment where they could learn, grow, and make the best of the opportunities provided to them.

As Paulo Coelho once said, 'Teaching is only demonstrating what's possible. Learning is making it possible for yourself.' Young graduates will take with them the skills, knowledge, and experiences they've gained. We wish them the very best for the next academic year and hope they continue to thrive and achieve their dreams!

Visual and Performing Arts - Skill Display 2022-23

Integration of visual arts with scholastic subjects is known to have an immense impact on the cognitive, emotional, and social development of a child. It allows the evolution of creativity, artistic and uninhibited expression; a means to learn how to focus and persevere when faced with challenges. We offer six disciplines - Keyboard, Guitar, Drums, Fine Art, Theatre, and Western Dance - led by experts in the field to ensure that students receive high-quality instruction and guidance. The annual showcase is an excellent way to celebrate students' triumphs and keep them motivated to continue exploring arts!
