The Premia Pulse

November 2021

PREMIA PRIDE receives a **HEARTY WELCOME AT CAMPUS!**

From the Editor's Desk

Greetings from The Premia Academy!

1st November 2021 marked a new beginning for us. Excitement was in the air as we started offline school. The corridors, the playground, the classrooms were alive again, buzzing with laughter and happy faces. The Yellow buses, Red balloons, and Blue Premia badges added to the cheer. We are HERE to ROCK!

The Student-led Conference

An Eco-Science Quest For Sustainability

Science is critical to tackling complex challenges for humanity like climate change, biodiversity loss, pollution, and poverty reduction, as it lays the foundation for new approaches and solutions.

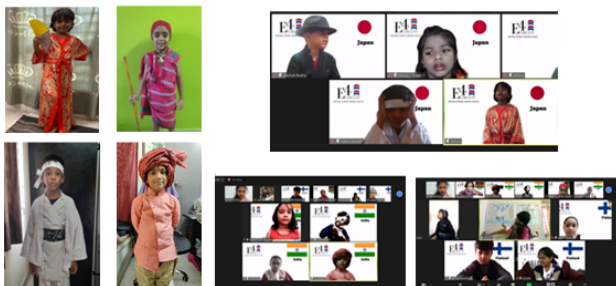

The E4 Circuit was indeed a learning experience where teachers ensured that each of our Grade level students connected with one or more of the 17 Sustainable Development Goals (SDG) introduced by the United Nations Organisation.

We Explored the chosen SDG, Expressed our views, Endured the findings, and Elevated to the next level through Research & Collaboration. Resilience and Adaptation were the two essential traits in our quest to identify, analyse and become problem solvers.

EXPLORE. EXPRESS. ENDURE. ELEVATE

Gr 1 **SDG 4: Quality Education**
Learner outcome: Understanding the chosen country's culture, the kind of education they provide, costume, food etc.

Gr 2 **SDG 11 - Sustainable Cities/Communities**
Learner Outcome - To respect and understand the perspective of their social environment. Allow its inhabitants to live in good conditions and in harmony with their natural surroundings.

Gr 3A & B **SDG 6 - Clean water and Sanitation**
Learner Outcome - Understanding the importance of water conservation, and knowing the ways of using it judiciously, so that we have water now and forever.

Gr 4 **SDG 15- Life on Land**
Learner Outcome: The students were able to understand land pollution and the effects of land pollution. They did a comparative study on India & Sweden for the same.

The Student-led Conference

Gr 5 **SDG 13 - Climate Action**
Learner Outcome- Worked unanimously to find measures in which the climate damage can be dealt with.

Gr 6 **SDG 5 - Gender Equality**
Learning Outcome - Students are now aware of women's experience in cultural contexts, both nationally and globally, including understanding the role of gender around the world. They have also developed self-management, communication, team-work and critical thinking skills.

Gr 7 **SDG 14 - LIFE BELOW WATER**
Learner Outcome: Students have gained knowledge on how to conserve and sustainably use the oceans, seas and marine resources for sustainable development. They have also developed communication, collaboration, time management & analytical skills.

Gr 8 **SDG 7 - Clean & Affordable Energy**
Learner Outcome: Learners explored the solutions to provide clean & affordable energy. Comparative study was conducted on Namibia, Sweden, India & USA for the same.

THE OPEN HOUSE

Shaping Little Minds

They may look tiny but don't underestimate the power of pre-primary kiddos! Enjoyed expressing all that they explored on Modes Of Transport and Seasons. Parents also participated enthusiastically singing Rhymes and cracking Riddles along with the little ones.

Two super hit activities of the day were:

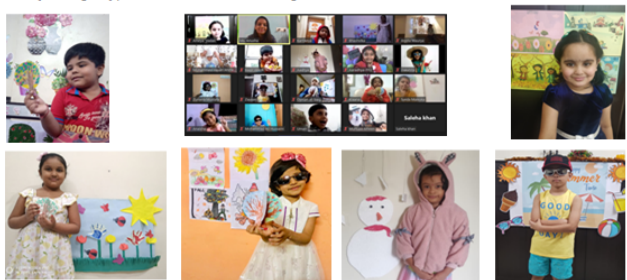

Saladport for PPI- creating their favourite transport using edible ingredients. Yum, Yum, Yummy!

Tree of Seasons for PPII- 3D tree depicting four seasons: Summer, Winter, Rain, and Fall!

PPI **The open House - Modes Of Transport**
Learner Outcome: Children learned different modes of transport. They enjoyed and participated enthusiastically, parents also showed great interest.

PPII **The Open House - Seasons**
Learner Outcome - The students understood the difference between each season like how do they change, type of clothes we wear, changes in weather and the intake of food.

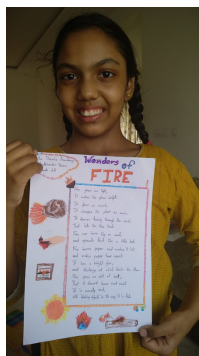

Events & Competitions

External Competitions

Dakshita Kaur, PPII
III Prize
Dance Competition, Meridian School

Madimalar Ramu, Gr 6
Consolation Prize
Poetry Writing, Meridian School

The Global Career Conference

Pahal Bhadoria, Gr 8, and Maryam Ali Baig, Gr 7 hosted two sessions at the 12-day conference on career exploration with 24 experts from various fields.

Snippets of the event

Study with the Buddy

"If you have the light of knowledge, let others light their candles in it."

-Margret Fuller

With the same motto, the Ministry of Civic Responsibility steered an initiative to share their knowledge with the students of Sai Seva Sangh Orphanage. The study buddies not only aimed at quality sessions but also ensured hands-on learning activities were fun-filled too. Their effort is applauded by the Premia Family!
